

Harleysville

SINCE 1915 BANK

Fingerprint / Touch ID / Facial Recognition Setting Up - Harleysville Bank Mobile App

Easy Logins available on both Android & Apple Mobile Devices!

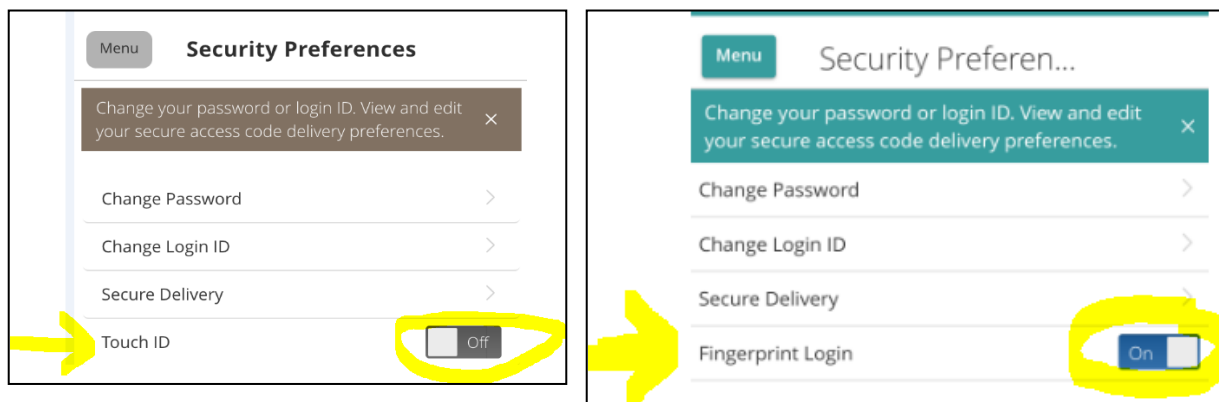

Note: Fingerprint MUST be setup on device prior to using with HB App.

Setting Up Biometrics (Fingerprints) on Mobile Device:

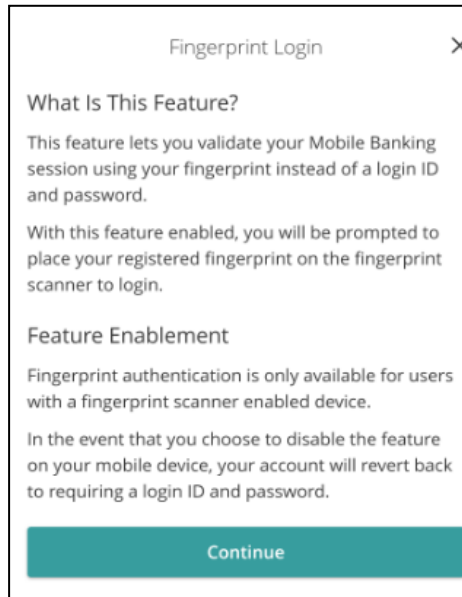

1. Visit Settings
2. Find Security Section – “Touch ID & Passcode” OR “Lock Screen & Security”
3. Fingerprints
 - Add all prints of fingers desired of use, must add at least one

Turning on access within HB App:

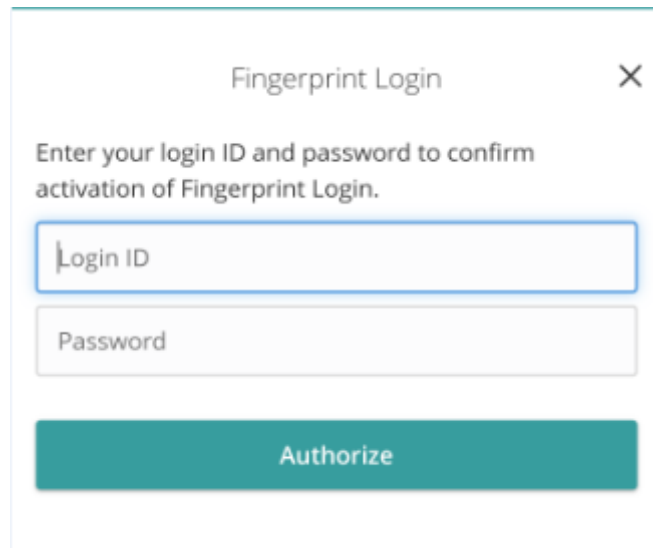

1. Download Harleysville Bank Mobile Banking App from app store/play store
2. Sign into app using online banking Login ID & Password
3. Visit Menu @ Top L
4. Find Preferences section
5. Click Security Preferences
6. Touch ID/Fingerprint Login
7. ON (Change OFF to ON)

8. Agree to disclosure/Continue:

9. Sign on using your login ID/Password

10. App will prompt you to verify Fingerprint & touch sensor then you are all set!

The next time you open the HB app for use, it will automatically ask you to touch the sensor and use the Touch ID/Fingerprint login!
